

## AUTHORITIES BAR SALES AT BREWERY

Arlington Company, at Rosslyn, Notified by Commonwealth's Attorney.

The Arlington Brewing Company, the plant of which is located at Rosslyn, Va., has been notified by the commonwealth's attorney for Alexandria county, Crandal Mackey, that it shall not sell beer at the brewery or anywhere else in Alexandria county, and that no person, firm or corporation may solicit orders for beer or other intoxicants, or act as agents for the sale or transmission of such orders. As a result of the notification the brewery people are wondering just where they stand, and it is possible that they will take the matter into court.

Outside Alexandria there is not a place in the county where beer or intoxicants are legally sold. It is not prohibition or local option, but under the ruling of the circuit court judge, who is said to have the sole discretionary power of issuing licenses, no licenses to sell will be issued where there is not sufficient police protection. This ruling was made several years ago, and every saloon in the county was closed up, and has been kept closed ever since.

All the places at Rosslyn and in the vicinity of Fort Myer came under the ban, and while of late years places have been opened to sell near-beer, a decision of the State courts in a recent case blocked this scheme. This arrangement, however, did not affect the Arlington Brewing Company. The county tax alone is nearly \$100 a month, and this does not include the State and Federal tax. If the law is to be as strictly interpreted as the commonwealth attorney's order would indicate, it is said there is a possibility that the brewery may be forced to move, or to engage in a legal fight for its existence here.

## FIFTEEN NEW MEN FOR MARINE BAND

Senator Warren Presents Bill to Enlarge Musical Organization.

A movement has been started in Congress to make the famous Marine Band stationed at Washington the greatest military band in the world. Already it is regarded as of the highest class in the United States.

A bill has been presented in the Senate by Senator Warren, providing that the band shall recruit fifteen additional members. It is not specified what instruments are to be added, but the details are left to the Navy Department.

Also the leader of the reorganized band is to have the rank and emoluments of a captain in the Marine Corps. His assistant is to have the rank and emoluments of a second lieutenant.

There are now about sixty members of the band. It is now the only National band supported by the Government—that is, national, as it would be regarded at foreign courts.

## NEGRO SWINDLERS SOUGHT BY POLICE

Woman Who Awaits Their Return With Change, Loses Her \$50.

Police of the Second precinct are looking today for two negroes who "swindled" Lizzy Dyson, a negroess, of 1233 Fourth street northwest, out of \$50.

Learning that the woman had drawn \$50 from the bank, the negroes told her that they had found a \$100 bill, which they would divide with her if she would change it. They induced her to turn over the \$50 to them, and then went out to get the \$100 changed. They neglected to return.

## MR. SALARIED MAN:

**\$29.50 Monthly**

**WITH ONE MAN TO BACK IT UP**

**Will Lead to the Independence of Home Ownership**

**In This \$3,750 Home.**

With actually less obligation than what is found under the terms of a rent agreement. A rent agreement offers you nothing—it works and reads in favor of the landlord.

Here you are offered a better home than you can rent, and A SYSTEMATIC CONTROL OVER YOUR EARNINGS.

NOTE THIS: We have made some very broad assertions about how the salaried man can buy this home.

We are going a step farther, because we are right and have proved it. Farther, we have a home value here that has never been equaled in the northwest.

**PROOF—85 SOLD**

If we could bring this home down to your front door, compare it with what you are paying rent for and compare the cost of living in the two places, you would get out \$300 and buy it quick.

But this is impossible. You have to come or let us take you out.

In any event it's well worth sixty minutes of your time to investigate how you can improve your surroundings and at the same time get the all essential control over your earning capacity.

Bear in mind that the time for you to investigate is now. There are only a limited number of these homes left. Their equal will never be produced in this neighborhood.

To Sales Agents,  
Dear Sir:

Our Motto is a square deal, and you must assist us in living up to this by avoiding all misrepresentation and telling only the absolute truth relative to our property and improvements. Our lots will sell on their merit.

There are a hundred reasons why. Because we are only 12 minutes from the Post Office, the nearest of all suburbs to Washington's business center. Directly on car line. Excellent service, fast cars; few stops in the city.

Attractive \$3000.00 station, its Italian garden. Electric cars deliver freight and express; good markets near. The high location; wonderful view overlooking Washington. Delicious spring water to be furnished under high pressure, affording fire protection. Good drainage.

Restrictions insure artistic homes and desirable neighbors. Fine public school. The Garden suburb plan, scientific, continuous development on artistic lines. Easy terms of payment. Explain the cooperative plan by which purchasers can get lot free with little effort. Title guaranteed. Saving in the cost of living here. Explain the free life insurance to each purchaser.

Our low prices now. Ask comparison of prices with other land equally near the city. Homes built and sold on a rental basis. Low cost of homes here; wood, brick or cement.

Show the Poured Cement House made in steel moulds, and how its done.

Looking to the future. Bill pending for magnificent Mt. Vernon Boulevard through property. Proposed memorial bridge leads direct to Virginia Highlands. Double values should this section go back to District. New interurban electric line, Washington to Richmond, staked out through property.

The enterprise is of public interest and is deserving of your best energy and effort. Can you suggest an improvement. Virginia Highlands must be the model garden suburb, where we shall be proud to live.

Very truly yours,

*William James Monell* Pres.
